Creativity

¿entreZebras?

entreZebras is the ideal space to unleash your creative energy.

Our programme for children and their families offers the opportunity to discover and learn a creative discipline: art, music (ukulele), magic, sewing, knitting, singing, crafts, are some of our proposals...

Beginners or advanced, no matter the level, just the desire to learn, share and enjoy.

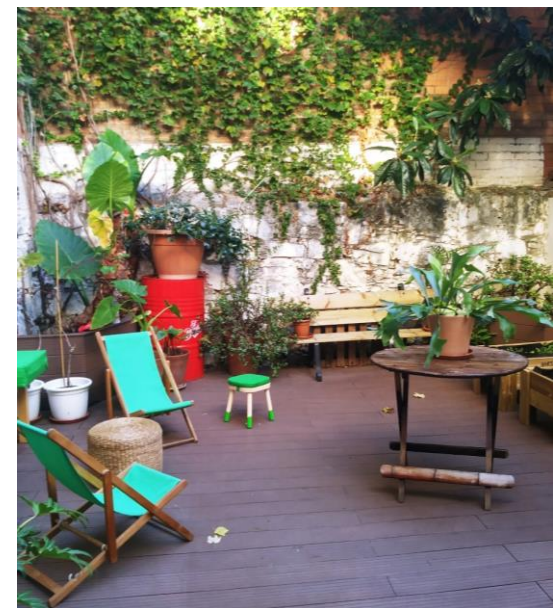

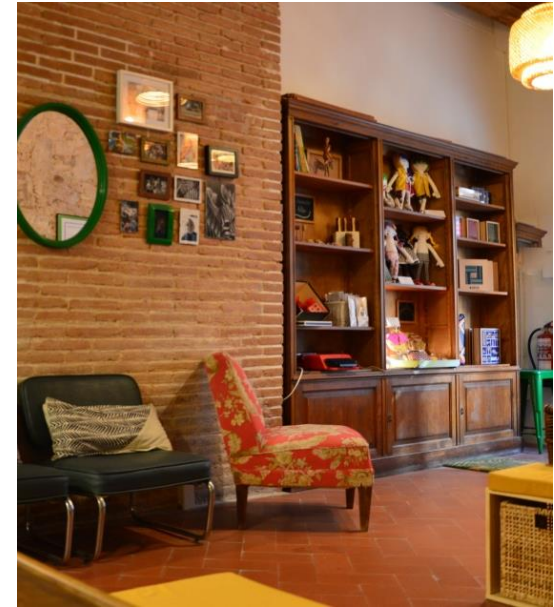

Children: With a wide range of creative activities adapted to each stage of development, they are the kings and queens of our house.

Families Saturdays are for families to share. Art, crafts, music, magic, we offer you a programme to enjoy our creative workshops with your little ones.

5pm to 6 15pm

Magic
5-8 yo

5 30pm to 7pm

Art ++
5-8 yo

FRIDAY

From 5pm

Special
programmes

Birthday
parties

Art ++ 5 - 8 years old

Monday 5pm to 6 30pm

Thursday 5 30pm to 7pm

With this workshop, we introduce children to various creative disciplines combining art techniques with handicrafts based on creative recycling.

Art and crafts are very complete disciplines, ideal for awakening the curiosity, imagination and ingenuity of the little ones, transmitting key tools for their creative and emotional development as well as stimulating their environmental awareness.

OUR WORKSHOPS

Art from 9 years old - Tuesdays 5 15 pm to 6 45 pm

Here we delve more deeply into the world of Plastic Arts and its forms of expression. Drawing, painting, techniques, styles and movements, they will hone their skills and define their own style.

OUR WORKSHOPS

Sewing++ from 8 years old

Wednesdays 5 30pm to 7pm

With this workshop, we contemplate the development of traditional activities that are once again attracting a lot of interest due to their highly creative content. Create, repair, recycle... by hand and machine, with original projects sometimes combined with knitting techniques (embroidery...), they will learn to sew and design their own creations.

OUR WORKSHOPS

Magic from 5 years old

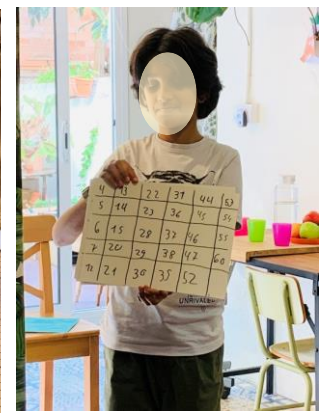

5pm to 6 15pm

Monday 7-9 years old

Tuesday 9-12 years old

Thursday 5-8 years old

Who doesn't like a good magic trick? Let yourself be transported by the imagination of what you thought was impossible. Fun and very educational, our magic workshop invites children to open their minds to new possibilities. As well as introducing them to this exclusive circle of secrets and tricks, magic is a stimulating and very complete discipline. Between fun and fascination, they will be proud to amaze everyone around them with their amazing tricks.

OUR WORKSHOPS

Ukulele from 5 years old

5pm to 6pm

Monday level 1 + level 2 -> 8-12 years old

Wednesday Level 1 -> 5-8 years old

Small, easy to play with only 4 strings, its simple chords and joyful sound make the ukulele the perfect instrument to introduce young children to music. Rhythm, motor skills, coordination, memory, sensitivity, creativity, the benefits of practising music are endless. In a very short time they will be able to start playing melodies and even be inspired to compose their own tunes.

Initiation to singing and musical learning

from 8 years old

Tuesdays 5pm to 6pm

Breathing, vocal technique, interpretation and repertoire. The voice will be the instrument through which they will interpret the songs of their favourite singers and musical groups. As the expression goes, "music calms the wild beasts" or, in other words, music calms, reduces anxiety and generates peace. Through playful activities and their favourite songs, we will help the children to hone their voice and develop their musical sensitivity and then transfer their knowledge to their daily lives.

OUR WORKSHOPS

miniZebras 3-4 years old

Wednesday 5 15pm to 6 15pm

At this stage, it is essential to provide stimuli that accompany them in their sensory, motor, cognitive and emotional development Play, investigate, feel and create. At entreZebras we have the necessary tools to awaken and stimulate the curiosity of our little explorers. With a combination of various disciplines such as art, crafts or theatrical games, we will provide them with a variety of stimuli that will accompany their growth.

SATURDAY entreFamilia

children from 4 years old (2h)

On Saturday morning, the activities are shared between families. A privileged moment to learn together and create memories. Sharing moments of laughter and learning among Families will strengthen the emotional development of your little ones. Art, crafts, magic, games, every Saturday you can try a different activity. Every month, we will inform you of the programme in our newsletter and on our social networks (Facebook & Instagram @entrezebras).
